

ADVOCACYDENVER

**providing active voice and supporting civil rights
for people with disabilities**

November 27, 2017

Dear Community,

Our long time Executive Director, Aileen McGinley, has decided to leave AdvocacyDenver to pursue her other dreams. During her time as our leader, Aileen devoted her time to our organization's mission to improve the lives of children and adults with intellectual and developmental disabilities. Aileen worked to start many successful programs, including the Center for Special Education Law and the Children's Mental Health program. She facilitated public policy education, ensured the provision of bilingual services, and worked to ensure that proper medical care was available for children and adults with intellectual and developmental disabilities.

AdvocacyDenver is very grateful to Aileen for the work she has done and for her commitment to our community. We wish Aileen the best of luck in the next step of her journey.

Sincerely,

X 

Shauna L Casement, Psv.D.
President, AdvocacyDenver Board of Directors
